

Eligibility Requirements for the Healing Bridge Clinic

The mission of the Healing Bridge Clinic is to care for residents of Fayette and surrounding counties by providing free health care to those who would otherwise be unable to afford these medical services.

Effective July 1, 2020 all patients of the Healing Bridge Clinic must complete new eligibility requirements before any appointment will be scheduled. Eligibility will be reviewed annually on July 1.

All patients must be Georgia residents and reside in areas served by the Healing Bridge Clinic.

All patients must be without any form of health care insurance. (no private insurance, Medicare, Medicaid or Veteran's benefits)

All patients must provide a valid and current photo I.D. with current address and must be between the ages of 18-64.

All patients must provide Proof of Residency – utility bill (electricity, water, gas) from the previous month with patient's name and address listed, ID must have current address.)

For patients living with someone else, a Notarized Affidavit is required from the homeowner. Homeowner must state that the patient lives with them and provide information about financial support (if any) the patient receives from them. A proof of residency document showing the name and address of the homeowner is also required.

All patients must provide proof of **household income** from the past 30 consecutive days Paystub, Social Security Statement, or note from employer on company letterhead, verifying pay if working a cash job.

"No Wage Letter" for yourself (and your spouse, if applicable) from the Georgia Department of Labor if not receiving wages

If supported by another person, patient must bring a letter stating such, signed by that person, along with a copy of their photo ID.

All patients must be uninsured and 200% or below the Federal Poverty Guidelines. (See attached)
